ART UNIT PAPER NUMBER

DATE MAILED: 11/29/2005

Please find below and/or attached an Office communication concerning this application or proceeding.

### **DETAILED ACTION**

The amendment filed on 10/31/05, amending all of the claims to an invention not originally presented is nonresponsive (see MPEP 821.03).

The amended claims are not readable on the originally presented invention for the following reasons:

The claims are drawn to non-elected species actinium-225, whereas the species which has been examined is Bis-213.

The species are distinct because they are drawn to different compounds with different structure.

Applicant is given a ONE MONTH time limit or until the expiration of the response period set in the last Office action, whichever is longer, to complete the response. NO EXTENSION OF THIS TIME LIMIT WILL BE GRANTED UNDER EITHER 37 CAR 1.136(a) OR (b) but the period for response set in the last office action may be extended up to a maximum of SIX MONTHS.
